

OBJECTIVE

I am currently a third-year student at Belgium Campus. Upon completing my degree, I will obtain an NQF 8 bachelor's degree in computer sciences. To date, all of my subjects were completed cum laude.

I am seeking an opportunity as an intern as part of my fourth-year qualification requirements.

Jo-Anne van der Wath

COMPUTER SCIENCE STUDENT

As a third-year Computer Science student specializing in Business Intelligence (BIT), I have developed a strong passion for math and data-related subjects. Throughout my academic journey, I have excelled in courses that involve complex problem-solving and analytical thinking, particularly enjoying topics such as machine learning and database development.

EXPERIENCE

TUTOR BELGIUM CAMPUS

January 2023 – December 2023

Provided tutoring services to students for subjects including linear programming, database development and web programming. Communicated with students to help them achieve their academic goals for those subjects.
